Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of **The Little Rock School District of Pulaski County, Arkansas (the "District")** as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Tony Wood
Commissioner of Education
Arkansas Department of Education
The Little Rock School District
of Pulaski County, Arkansas
Page Two

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the District, as of June 30, 2014, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5–14 and budgetary comparison information on page 41 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Schedule of Expenditures of Federal Awards as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and Schedule of State Assistance are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards and Schedule of State Assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the regulatory basis financial statements. Such information has been subjected to the auditing procedures applied in the audit of the regulatory basis financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

Tony Wood
Commissioner of Education
Arkansas Department of Education
The Little Rock School District
of Pulaski County, Arkansas
Page Three

In our opinion, the Schedule of Expenditures of Federal Awards and Schedule of State Assistance are fairly stated in all material respects in relation to the to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 11, 2015, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion and Analysis

The Little Rock School District of Pulaski County, Arkansas

MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ended June 30, 2014

As management of The Little Rock School District of Pulaski County, Arkansas (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial balances and activities of the District as of and for the fiscal year ended June 30, 2014. This management's discussion and analysis (MD&A) gives an objective and comprehensive financial analysis of the District based on currently known facts, decisions or conditions. The intent of the MD&A is to look at the District's financial position and performance as a whole. Readers should review the financial statements found in the Financial Section starting on page 15 and the related notes thereto to enhance their understanding of the District's financial performance.

Using the Basic Financial Statements

The District's basic financial statements consist of a series of financial statements and the related notes to those statements. The basic financial statements include District-wide financial statements and fund financial statements. Both perspectives (district-wide and fund) allow the user to address relevant questions, broaden the basis of comparison (e.g., year to year or government to government) and enhance the District's accountability. The notes to the financial statements, a component of the basic financial statements, explain some of the information in the statements and provide additional disclosures so that statement users have a complete picture of the District's financial activities and position. The required and other supplementary information, consisting of budgetary comparison and expenditures of federal awards and state assistance, further explains and supports the financial statements.

District-wide Financial Statements

The District-wide financial statements report information about the District as a whole using accounting methods similar to those used by private sector companies. The statement of net position and the statement of activities (see pages 16 and 17), which are the district-wide statements, report information about the District as a whole. These statements include all of the District's assets, liabilities and deferred inflows/outflows of resources with the difference reported as net position measured under the accrual basis of accounting. This basis of accounting also takes into account all of the District's revenues and expenses regardless of when cash is received or paid except for property tax revenue. Property tax revenue is recognized as collected for both the District-wide and fund financial statements.

These two statements report the District's net position at June 30, 2014, and changes in net position for the year then ended. The changes in net position are important as they identify for the reader how the financial position of the District has changed over the year. Events or transactions which may result in changes in the District's financial position may be financial or non-financial in nature. Non-financial factors that may have an impact on the District's financial condition include increases in, or the erosion of, the property tax base within the District's boundaries; the condition of school facilities and equipment; changes in state or federal law regarding the calculation or availability of funding for certain programs, or other external factors.

All of the District's major activities are reported in the District-wide financial statements, including instruction, instructional support, pupil transportation, operation and maintenance of plant, school and general administration, food services and community services. Property taxes, replacement taxes and state aid finance most of these activities. Additionally, all capital and debt financing activities and related balances are reported in the District-wide financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ended June 30, 2014

Using the Basic Financial Statements *(Continued)*

Fund Financial Statements

Traditional users of government financial statements will find the fund financial statements more familiar. The fund financial statements presented on pages 18 through 22 provide detailed information about each of the District's major funds. All of the District's activities are reported in governmental fund types, the accounting focus of which is on near-term inflows and outflows of expendable resources. Resulting fund balances represent expendable resources at the end of each fiscal year which are available for expenditure in future years. Balances and transactions are presented using the modified accrual basis of accounting, which measures cash and all other governmental activities on a current, rather than long-term, basis, indicating sources and uses of funding. Financial information presented in this manner may be useful in evaluating the District's near term financing requirements.

The District's major funds include the General, Capital Projects, Magnet Schools, Special Programs and Food Service funds. The significant differences between the June 30, 2014 balances and transactions reported in the District-wide financial statements and those reported in the fund financial statements are summarized on pages 19 and 21.

Both the statement of net position and the balance sheet – governmental funds include two classifications distinct from assets and liabilities – deferred outflows of resources and deferred inflows of resources, if applicable. Balances classified as deferred outflows of resources are required to be reported in a separate section following assets, and balances classified as deferred inflows of resources are reported in a separate section following liabilities. Deferred outflows of resources comprise the cumulative balance of deferred loss on bond refunding transactions. Deferred inflows of resources consist primarily of resources associated with nonexchange transactions reported as receivables before the period when use is first permitted. Net position is the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources in the District-wide statement of net position.

Financial Highlights

Key financial highlights for the fiscal year ended June 30, 2014, are as follows:

On the District-wide Financial Statements

- The assets and deferred outflows of the District exceeded its liabilities and deferred inflows at June 30, 2014 by \$72.7 million (net position). Of this amount, \$31.8 million represents unrestricted net position and may be used to meet the District's ongoing obligations. The District's net position decreased \$6.5 million, or 8.2%, during the 2014 fiscal year.
- Revenues increased approximately \$1.0 million (0.3%) from \$334.5 million in 2013 to \$335.5 million in 2014. This change is attributable to an increase in property tax revenue received during 2014 of \$4.3 million, an increase of unrestricted state aid recognized during 2014 of \$2.5 million, and recognition of loan forgiveness totaling \$2.8 million, which were offset by the \$7.4 million decrease in grant revenue.

The Little Rock School District of Pulaski County, Arkansas

MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ended June 30, 2014

Financial Highlights *(Continued)*

On the District-wide Financial Statements *(Continued)*

- General revenues totaling \$218.7 million for the year ended June 30, 2014, and \$209.6 million for the year ended June 30, 2013, represented approximately 65.2% and 62.7% of total revenues for the years ended June 30, 2014 and 2013, respectively. Program specific revenues, which include grants from federal and state agencies, comprise the remaining 34.8% and 37.3% of total revenues for the years ended June 30, 2014 and 2013, respectively.
- Total expenses increased from \$330.2 million in 2013 to \$342.0 million in 2014, an increase of approximately \$11.8 million, or 3.6%. Much of this increase is attributable to an increase in instructional services and operation and maintenance of plant expenses.

On the Fund Financial Statements

- The ending fund balance in the General Fund decreased from \$39.6 million at June 30, 2013, to \$32.1 million at June 30, 2014. This represents a decrease of approximately \$7.5 million or 18.9%, attributable to an increase in most General Fund functional expenditures and debt service expenditures, offset by an increase in property tax and state revenues. Total governmental fund balances decreased from \$39.5 million at June 30, 2013, to \$34.6 million at June 30, 2014, a decrease of approximately \$4.9 million, or 12.5%. The fund balance decreases reported in the General Fund and Capital Projects Fund as debt and grant funded projects were completed were offset by fund balance increases in the Special Programs and Food Services Program due to decreased expenditures and increased federal revenue.
- At June 30, 2014, unrestricted fund balance (the total of the assigned and unassigned components of fund balance) for the General Fund was \$30.2 million, or approximately 11.3% of total General Fund expenditures. This compares to unrestricted fund balance for the General Fund of \$33.3 million (13.4% of total General Fund expenditures) at June 30, 2013.
- General Fund revenues totaled \$276.1 million for the year ended June 30, 2014, an increase of approximately \$7.1 million over total 2013 revenues totaling \$269 million. Total resources available to all governmental funds of the District during the year ended June 30, 2014 were \$335.9 million as compared to \$332.6 million for the year ended June 30, 2013.
- General Fund expenditures have increased from \$249 million for the year ended June 30, 2013, to \$267 million for the year ended June 30, 2014, while total expenditures of the District increased from \$336.4 million to \$341.4 million. This increase of approximately \$5 million is primarily attributable to an increase in spending for instructional services and debt service principal payments and offset by a decrease in capital outlay.

The Little Rock School District of Pulaski County, Arkansas

MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ended June 30, 2014

District-wide Financial Analysis

Statement of Net Position

Net position reflects the excess of the District's assets and deferred outflows of resources over its liabilities and deferred inflows of resources and is comprised of the following at June 30, 2014 and 2013:

	2014	2013
Assets		
Cash and certificates of deposit	\$ 59,002,493	\$ 62,429,756
Receivables	129,039,040	131,415,126
Inventories and other assets	828,456	826,245
Restricted assets	956,906	820,733
Capital assets, net	227,692,677	234,260,678
Total Assets	417,519,572	429,752,538
Deferred Outflows of Resources		
Deferred loss on refunding of bonds payable	4,701,535	4,985,030
Liabilities		
Current liabilities	44,143,853	41,510,998
Long-term liabilities	187,394,080	197,466,929
Total Liabilities	231,537,933	238,977,927
Deferred Inflows of Resources		
Unavailable revenue	117,988,563	116,580,821
Net position:		
Net investment in capital assets	24,479,583	24,279,272
Restricted	16,375,189	15,038,917
Unrestricted	31,839,839	39,860,631
Total Net Position	\$ 72,694,611	\$ 79,178,820

Capital assets, net of accumulated depreciation, decreased \$6.6 million over 2013 balances. This decrease represents the effect of net capital asset additions of \$15.4 million and current year depreciation expense of \$21.9 million. During the year ended June 30, 2014, the District completed and placed into service projects that were included in construction in progress in the June 30, 2013 financial statements totaling approximately \$15.5 million.

At June 30, 2014 and 2013, respectively, restricted net position is comprised primarily of \$15.2 million and \$14.2 million to be spent for capital projects.

The Little Rock School District of Pulaski County, Arkansas

MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ended June 30, 2014

District-wide Financial Analysis (Continued)

Statement of Activities

Net position at June 30, 2014, reflects a decrease of \$6.5 million from the June 30, 2013 balance. Key elements of this decrease consist of the following:

	2014	2013
Revenues		
Program revenues:		
Charges for services	\$ 3,400,976	\$ 4,170,472
Grants and contributions	113,358,078	120,733,034
General revenues:		
Property taxes	151,040,563	146,698,178
Unrestricted state aid	63,620,218	61,125,061
Interest and other	1,320,674	1,754,546
Loan Forgiveness	2,750,000	-
Total Revenues	335,490,509	334,481,291
 Expenses		
Instructional services	188,116,708	183,913,972
Instructional support services	50,335,021	50,318,093
Pupil transportation services	18,407,625	18,694,121
Operation and maintenance of plant	32,176,657	25,029,792
School administration	17,320,770	16,245,859
General administration	13,506,241	13,750,168
Food services	14,268,851	14,141,611
Community services	766,011	816,926
Interest on long-term debt	7,076,834	7,295,071
Total Expenses	341,974,718	330,205,613
 Change in net position	(6,484,209)	4,275,678
 Net position, beginning of year	79,178,820	74,903,142
 Net position, end of year	\$ 72,694,611	\$ 79,178,820

As reflected above, the costs associated with the District's activities are not all borne by the taxpayers. During the year ended June 30, 2014, approximately \$3.4 million of the total cost of operations was paid by those who used or benefited from the services rendered (e.g. charges for school lunches and summer school tuition), and approximately 33.8%, or \$113.4 million, was covered by various grants and contributions from federal and state resources. General revenues totaling \$218.7 million were available to offset a portion of the net cost of the District's programs of \$225.2 million for the year ended June 30, 2014. In comparison, during

The Little Rock School District of Pulaski County, Arkansas

MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ended June 30, 2014

District-wide Financial Analysis *(Continued)*

Statement of Activities *(Continued)*

the year ended June 30, 2013, charges for services covered approximately \$4.2 million of the cost of the District's activities, while grants and contributions from federal and state funding covered approximately 36.1%, or \$120.7 million, of the District's total expenses. General revenues totaling \$209.6 million were available to offset the net cost of the District's programs of \$205.3 million for the year ended June 30, 2013. During 2013, the District's overall increase in net position was approximately \$4.3 million.

The table below shows the total program cost and the net cost of such programs (after deductions for services and grant revenue) of the various categories of expenses for the years ended June 30, 2014 and 2013. The net cost presentation reflects the portion of total program cost which is ultimately borne by the District's taxpayers or by other general revenue sources.

	2014		2013	
	Total Cost of Programs	Net Cost of Programs	Total Cost of Programs	Net Cost of Programs
Instructional services	\$ 188,116,708	\$ 115,908,825	\$ 183,913,972	\$ 105,852,373

Community services	766,011	502,265	816,926	607,986
Interest on long-term debt	7,076,834	7,076,834	7,295,071	7,295,071
	<u>\$ 341,974,718</u>	<u>\$ 225,215,664</u>	<u>\$ 330,205,613</u>	<u>\$ 205,302,107</u>

Funds Financial Analysis

The District uses fund accounting to control and manage money for particular purposes (e.g., dedicated property taxes and bond proceeds). The fund financial statements allow the District to demonstrate its stewardship over and accountability for resources provided by taxpayers and other entities. These statements also allow the reader to obtain additional insight into the financial workings of the District and further assess the District's financial condition.

The District completed the fiscal year ended June 30, 2014, with a combined fund balance for the District's governmental funds of \$34.6 million, compared to a combined fund balance of \$39.5 million as of June 30, 2013.

The Little Rock School District of Pulaski County, Arkansas

MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ended June 30, 2014

Funds Financial Analysis (*Continued*)

The fund balance of the General Fund at June 30, 2014, includes nonspendable fund balance for prepaid expenses and inventories totaling approximately \$392.5 thousand and restricted fund balance for the payment of principal and interest due on the District's long-term debt totaling approximately \$956.9 thousand. A portion of fund balance was committed for the Desegregation Scholarship Program totaling approximately \$503.4 thousand. The assigned portion of the General Fund's fund balance consists of a budget appropriation of approximately \$1.7 million to cover the anticipated excess of expenditures over revenues in the 2014-2015 fiscal year as well as a reserve for special projects totaling approximately \$60 thousand. The remaining balance of the General Fund's fund balance of approximately \$28.5 million is unassigned. Note 1(m) provides further information on the fund balance classifications reported by the District. The entire fund balance of the Capital Projects Fund remains restricted for capital projects.

A major source of revenue for operations and debt service is local property taxes, which totaled \$151.0 million for the fiscal year ending June 30, 2014, and \$146.7 million for the fiscal year ending June 30, 2013. The amount of property taxes attributable to the District is derived from the District's operating levy of 34 mills and the debt service levy of 12.4 mills (for a total levy of 46.4 mills) applied to the assessed value of taxable property located within the District's boundaries. Other significant local revenues for the year ended June 30, 2014, include \$4.6 million from the Pulaski County Special School District and the North Little Rock School District in support of the original six magnet schools, and breakfast and lunch revenues of \$2.6 million.

For the years ended June 30, 2014 and 2013, resources provided by the State totaled approximately \$135.6 million and \$131.4 million, respectively. See Note 1(c) for a discussion of the District's revenue recognition policies. The following summarizes significant State resources available to the District during 2014 and 2013:

	2014	2013
Foundation aid, enhanced educational and declining enrollment funding	\$ 62,965,313	\$ 61,094,874
Teacher retirement and health insurance reimbursements	13,746,511	13,587,174
Professional development	986,212	979,876
Special education	6,687,153	6,704,864
Workforce education	1,236,967	1,308,987
Student special needs funding	17,142,635	17,606,452
State transportation aid	3,815,048	3,637,091
Majority to Minority transfers	5,195,346	5,088,785
Arkansas Better Chance program funding	5,525,334	5,418,900
State contribution for Magnet schools	15,766,225	14,632,630
Desegregation Lawsuit, Attorney Fees, LRSD, PCSSD, NLRSD	250,000	-
98% Uniform rate of actual tax collections adjustment	443,765	-
Other	1,857,526	1,387,972
	\$ 135,618,035	\$ 131,447,605

The Little Rock School District of Pulaski County, Arkansas

MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ended June 30, 2014

Funds Financial Analysis (Continued)

The U.S. Department of Education provides the largest amount of federal funding to the District, totaling \$20.6 million and \$31.1 million for the years ended June 30, 2014 and 2013, respectively, and representing approximately 64.6% and 78.8%, respectively, of total federal awards expended by the District. A \$6.1 million reduction in the level of funding for School Improvement Grants from 2013 funding levels was the most significant change in revenue received. Other significant sources of federal funding include the U.S. Department of Agriculture, which provided \$11.0 million and \$10.6 million during the years ended June 30, 2014 and 2013, respectively, under the School Breakfast Program, the National School Lunch Program, the Summer Food Service Program and the Child and Adult Care Food Program.

Total governmental funds expenditures are summarized below:

	2014		2013	
General	\$ 266,989,866	78.2%	\$ 248,995,593	74.0%
Capital projects	7,715,788	2.3%	10,539,688	3.1%
Magnet schools	30,438,597	8.9%	30,345,608	9.0%
Special programs	22,188,292	6.5%	32,801,218	9.8%
Food service	13,532,389	4.0%	13,378,798	4.0%
Other governmental	533,646	0.2%	314,631	0.1%
	\$ 341,398,578	100.0%	\$ 336,375,536	100.0%

General Fund Budgetary Highlights

Arkansas Code Annotated §6-17-914 states that each school district of the State shall prepare annually a budget of expenditures and receipts, to be filed with the Arkansas Department of Education (ADE). Although no provision currently exists for revisions to be submitted to the ADE, management and the District's Board of Directors, over the course of the year, may revise the District's budget, taking into consideration unexpected changes in revenues and expenditures. If those revisions are material in nature, they are submitted to the District's Board of Directors for approval. The District's Board of Directors approved the original budget in an open meeting on September 26, 2013. No revisions were made to the budget during the 2013-2014 fiscal year.

A schedule showing the General Fund's original budget compared with actual operating results (on a budgetary basis) is provided in this report on page 41. For the 2013-2014 fiscal year, the General Fund's actual revenues on a budgetary basis were greater than budgeted revenues by \$3.6 million. Actual General Fund expenditures were greater than budgeted expenditures by \$1.5 million.

Capital Assets and Debt Administration

Capital Assets

During 2014 and 2013, the District successfully completed several significant construction projects, including major renovations at four schools, installation of improved security systems throughout the District, improvements and upgrades to heating and air conditioning systems and roof replacements on several of the District's buildings. The District undertook a facilities assessment during 2013-2014 to evaluate the physical

Capital Assets and Debt Administration *(Continued)*

Capital Assets *(Continued)*

condition and capacity of its facilities and conduct a facilities master plan study. This project includes involvement of an internal steering committee and community participation to develop a capital improvement plan and offer recommendations that will better position the District to assess expansion needs.

At June 30, 2014, the District had \$227.7 million, net of accumulated depreciation, invested in a broad range of capital assets, including land, buildings, construction in progress, furniture, buses and other vehicles, computers and other equipment. During the current fiscal year, disbursements related to construction or acquisition of assets totaled \$15.4 million; prior year construction in progress projects that were completed and placed into service totaled \$15.5 million; and depreciation expense totaled approximately \$21.9 million. The District purchased land during 2014 at a cost of approximately \$5.8 million for future expansion.

Capital assets, net of accumulated depreciation and amortization, at June 30, 2014 and 2013 are comprised of the following:

	2014	2013
Capital Assets		
Buildings and improvements	\$ 317,975,466	\$ 303,862,403
Furniture, equipment and other	85,503,430	81,989,349
Land	17,822,075	12,003,133
Construction in progress	1,691,387	12,682,317
Total capital assets	422,992,358	410,537,202
Less accumulated depreciation and amortization	(195,299,681)	(176,276,524)
Capital Assets, Net	\$ 227,692,677	\$ 234,260,678

Additional information concerning the District's capital assets and construction commitments can be found in Note 3 to the financial statements.

Long-Term Debt

The principal balance outstanding of general obligation bonded indebtedness totaled \$191.1 million and \$196.7 million at June 30, 2014 and 2013, respectively. State statutes limit the amount of general obligation debt a school district may issue to 27% of the assessed valuation. The resulting debt limitation of \$1.191 billion at June 30, 2014, is an increase of \$375 million over the June 30, 2013 debt limitation.

The District also has obligations outstanding for Qualified Zone Academy Bonds, capital leases and compensated absences totaling approximately \$5.6 million at June 30, 2014 (as compared to \$5.4 million at June 30, 2013). Desegregation loans payable to the State at June 30, 2013 totaling \$2.9 million were forgiven by the State during 2014.

Additional information regarding the District's long-term debt can be found in Note 5 to the financial statements.

The Little Rock School District of Pulaski County, Arkansas

MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ended June 30, 2014

Economic Factors and Next Year's Budget

Following a special meeting to determine whether the State should intervene in the District, which has six schools considered under academic distress, the Arkansas Department of Education (ADE) voted on January 28, 2015, to relieve the Board of its responsibilities over the District and assume all responsibilities of governance. One of the first actions taken by the ADE was to retain Dr. Dexter Suggs as interim Superintendent, who will report directly to the Education Commissioner.

Budgeted revenues for 2014-2015 total \$319 million (budgetary basis of accounting), including an increase of \$128 per student in State Foundation and Enhanced Educational funding. Total budgeted expenses are \$321 million. An assignment of the General Fund's fund balance is reported in the Balance Sheet – Governmental Fund in order to reflect budgeted appropriations of fund balance to cover the excess of budgeted expenditures over budgeted revenues for fiscal year 2014-2015. The budget adequately funds the educational priorities established by the Board of Directors and financially reinforces the strategies that will enable the District to continue making gains in student academic achievement while staying financial solvent. The Budget also supports the skills of the District's teachers with the continued development of strategies and best practices which enhance the learning environments of the students.

The 2014-2015 budget funds a salary increase of 3.0% for all eligible certified and non-certified employees to ensure that students are served by an able and qualified workforce.

Implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, which is effective on July 1, 2014, will require the District to recognize a liability in the District-wide financial statements for its proportionate share of the net pension liability of all employers who participate in Arkansas Teacher Retirement System. Although the impact that adoption of this statement will have on the District's financial statements has not yet been determined, it is expected that it may be material.

After a 26 year period of operations under the supervision of the United States District, Court for the Eastern District of Arkansas, on February 23, 2007, the District was declared unitary and released from all further supervision from the Court, a decision which was subsequently appealed but upheld by the Eighth Circuit Court of Appeals on April 2, 2009. In response to the efforts by the State to be relieved of funding obligations, another settlement was approved by the Court in January 2014. The financial impact on the District with respect to State funding and forgiveness of the desegregation loans payable is described in Note 6 to the financial statements.

Contacting the District's Financial Management

While this Management's Discussion and Analysis is designed to provide a general overview of the financial condition and operations of the District, citizens groups, taxpayers, parents, students, or creditors may want further details. To obtain additional information, please contact Kelsey Bailey, Chief Financial Officer, at the Administration Building Business Office, 810 West Markham, Little Rock, Arkansas 72201 by calling (501) 447-1010 during regular office hours, Monday through Friday, 8:00 a.m. to 5:00 p.m., Central Time, or via e-mail at Kelsey.Bailey@lrsd.org.

NOTES TO FINANCIAL STATEMENTS

June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Little Rock School District of Pulaski County, Arkansas (the District), have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) applicable to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting and reporting policies and practices used by the District are described below.

(a) Financial Reporting Entity

The District is a body politic and corporate, established in 1853 for the purpose of providing educational services as mandated by state and federal agencies. During the year ended June 30, 2014, the District operated under the direction of a locally-elected seven member Board of Directors (the Board), which had oversight responsibility and control over all activities related to public school education provided by the District. On January 28, 2015, the Arkansas Department of Education (ADE) voted to immediately relieve the Board of its responsibilities over the District and assume all responsibilities of governance. The decision by the ADE followed a special meeting to determine whether the State of Arkansas (State) should intervene in the District, which has six schools considered under academic distress. One of the first actions taken by the ADE was to retain Dr. Dexter Suggs as interim Superintendent.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the District consists of all funds, departments, boards, and agencies that are not legally separate from the District. Component units, if any, are legally separate organizations for which the primary government is financially accountable or for which the primary government is not financially accountable; however, based on the nature and significance of their relationship with the primary government, it would be misleading to exclude them from the financial statements of the primary government.

The Little Rock Public Education Foundation, Inc. (the Foundation) was established as a non-profit organization under the laws of the State to conduct fundraising activities exclusively for the educational benefit of the District's students and staff. As management believes that the activities and balances of the Foundation are not material to the District's financial statements taken as a whole, such amounts are not reflected therein.

(b) Basis of Presentation

The District's basic financial statements consist of district-wide financial statements and fund financial statements, which provide a more detailed level of financial information, and the notes to the basic financial statements.

The Little Rock School District of Pulaski County, Arkansas

NOTES TO FINANCIAL STATEMENTS June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(b) Basis of Presentation (Continued)

District-wide Financial Statements

The District-wide financial statements display financial information about the District as a whole and include the statement of net position and the statement of activities. These statements include all funds, account balances, and financial activities of the District, except for those related to the student activity funds, which the District holds as agent for various student groups and parent organizations. Eliminations of interfund transactions have been made to avoid double-counting of internal balances and activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include charges or fees collected from students as well as grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Revenues that are not classified as program revenues, including property taxes, are reported as general revenues.

Fund Financial Statements

The fund financial statements provide information about the District's funds, including fiduciary funds. These financial statements include the balance sheet – governmental funds; the statement of revenues, expenditures, and changes in fund balances – governmental funds; and the statement of net position – fiduciary funds.

The reporting focus of the fund financial statements is on each of the District's major funds, rather than reporting aggregate totals of funds by type. Each major fund is presented in a separate column, and all non-major funds are aggregated into one column. The District reports the following major governmental funds:

- The General Fund is the primary operating fund of the District and accounts for all revenues and expenditures of the District not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. General operating expenditures and capital improvement costs that are not paid through other funds are paid from this fund. Financial resources that are restricted, committed or assigned to expenditure for principal and interest on the District's long-term obligations are accounted for and reported in this fund.
- The Capital Projects Fund is used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.
- The Magnet Schools Fund is used to account for and report the state and local resources that are restricted for funding the operations of the District's magnet schools.

The Little Rock School District of Pulaski County, Arkansas

NOTES TO FINANCIAL STATEMENTS June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(b) Basis of Presentation (Continued)

Fund Financial Statements (Continued)

- The Special Programs Fund is used primarily to account for and report all federal and certain state funding received by the District that is restricted for specified purposes, with the exception of federal funding related to the District's food service program, which is accounted for in the Food Service Fund.
- The Food Service Fund is used to account for and report all financial transactions, including federal funding that is restricted for the District's food service program.

The District reports all funds held in a fiduciary capacity on behalf of various student groups and parent organizations in an agency fund, which is the only fund presented in the statement of net position - fiduciary funds.

(c) Measurement Focus and Basis of Accounting

The basis of accounting determines when transactions are reported on the financial statements. The District-wide governmental activities are reported using the economic resources measurement focus and the accrual basis of accounting. Pursuant to State statute, revenue from property taxes is recognized in the fiscal year in which the taxes are collected. Revenues from grants, entitlements and donations are recognized in the fiscal year when all eligibility requirements, including restrictions on the availability or use of funds, have been satisfied. Other revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, entitlements, grants and donations.

The District uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities. A fund is a self balancing set of accounts.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recorded when they are measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers all revenues other than property tax to be available if they are collected within 90 days after the end of the fiscal year. Investment interest, grants, entitlements and contributions associated with the current fiscal period are considered to be susceptible to accrual. All other revenue items, including property tax, are considered to be measurable and available only when cash is received by the District.

The Little Rock School District of Pulaski County, Arkansas

NOTES TO FINANCIAL STATEMENTS June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Measurement Focus and Basis of Accounting (Continued)

Expenditures are recorded when a liability is incurred, as under the accrual method of accounting, except for principal and interest on long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent that they have matured or payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

(d) Cash

The District's cash consists of cash on hand and demand deposits maintained at financial institutions. State statutes require that the District's funds be deposited in banks located in the State and that all deposit balances in excess of Federal Deposit Insurance Corporation (FDIC) insurance limits be collateralized in accordance with State statutes. The District is party to a collateral management agreement with financial institutions whereby all unrestricted and restricted deposits that are not FDIC insured are secured by collateral. Collateral securities are held in the District's name by the District's agent.

State statutes generally permit the District to invest in general obligation bonds of the United States; in bonds, notes, debentures, or other obligations issued by an agency of the United States Government; in general obligation bonds of the State; or in bank certificates of deposit. The District does not have a formal investment policy that places any further restrictions on the nature of types of investments that may be purchased.

(e) Restricted Certificates of Deposit

The District maintains certificates of deposit at a local financial institution which are specifically restricted for the repayment of the District's Qualified Zone Academy Bonds (QZABs). Interest earned on the certificates of deposit, which totaled approximately \$34,000 during the year ended June 30, 2014, is automatically reinvested and is also considered restricted for the repayment of the District's QZABs.

(f) Inventories

Materials, supplies and food commodities are valued at cost using the first-in, first-out method, and are recorded as expenditures when consumed rather than when purchased.

(g) Capital Assets, Net

Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal repairs and maintenance that do not add significantly to the total value of the asset or materially extend the life of an asset are not capitalized. Capital assets, excluding land and construction in progress, are depreciated using the straight line method over the following estimated useful lives:

Buildings and improvements	10 – 50 years
Furniture and equipment	5 – 20 years

The Little Rock School District of Pulaski County, Arkansas

NOTES TO FINANCIAL STATEMENTS June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Capital Assets, Net (Continued)

The District evaluates events or changes in circumstances affecting capital assets to determine whether impairment of a capital asset has occurred. If the District determines that a capital asset is impaired, and that impairment is significant and other than temporary, impairment losses will be recorded and reflected in the District's financial statements.

(h) Interfund Balances and Transactions

In the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as due to or due from other funds. Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed. All other interfund transactions are reported as transfers. Interfund balances and transfers are eliminated for purposes of financial statement presentation in the District-wide financial statements.

(i) Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position and/or balance sheet – governmental funds will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has one item that qualifies for reporting in this category. It is the deferred loss on refunding of bonds payable reported in the statement of net position. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of position and/or balance sheet – governmental funds will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenues) until that time. The District has only one type of item that qualifies for reporting in this category. It is unavailable revenue which is deferred and recognized as an inflow of resources in the period that the amounts become available in accordance with the basis of accounting used by the District-wide or fund financial statement.

(j) Compensated Absences

It is the District's policy to permit employees to accumulate earned vacation benefits. Employees may receive compensation for unused vacation upon separation from service with the District. In the District-wide financial statements, a liability for vacation pay is accrued as it is earned by District employees. A liability for earned but unused vacation pay is reflected in the governmental funds only to the extent that employees have separated from service with the District and are due payment. Accumulated personal leave days and sick pay benefits are not paid upon termination and are not recorded as a liability in the District-wide financial statement or fund financial statements.

The Little Rock School District of Pulaski County, Arkansas

NOTES TO FINANCIAL STATEMENTS June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(k) Long-term Liabilities

In the statement of net position, long-term debt and other long-term obligations are reported as liabilities. Bond and other debt premiums and discounts are generally deferred and amortized over the life of the bonds using the effective interest method. Long-term debt is reported net of the applicable premiums and discounts.

In the statement of revenues, expenditures, and changes in fund balances – governmental funds, bond premiums and the face amount of bonds or other long-term debt issued are reported as other financing sources, while discounts are reported as other financing uses. Issuance or refunding costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

(l) Net Position Classifications

In the District-wide financial statements, equity is classified as net position and displayed in three components:

- Net investment in capital assets consists of capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of these assets and adjusted for the deferred loss on refunding of bonds payable.
- Restricted net position consists of net position with constraints placed on their use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net position consists of all other components of net position that do not meet the definition of net investment in capital assets or restricted.

(m) Fund Balance Classifications

Fund balance is reported under the following five classifications:

- Nonspendable Fund Balance consists of non-cash assets such as inventories and prepaid amounts.
- Restricted Fund Balance consists of amounts with limitations imposed on their use by external restrictions imposed by creditors, grantors or laws and regulations of other governments. The Restricted for Special Programs balance reflects amounts restricted for specific state and federal programs as mandated by respective state and federal grant or funding agreements. The Restricted for Debt Service and Capital Projects balances reflect amounts that are restricted to retire outstanding QZABs and for construction or other capital outlay projects, respectively.

The Little Rock School District of Pulaski County, Arkansas

NOTES TO FINANCIAL STATEMENTS June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(m) Fund Balance Classifications (Continued)

- Committed Fund Balance consists of amounts that can be used only for the specific purposes pursuant to a formal action of the District’s highest level of decision-making authority (the Board of Education) and does not lapse at year end. The committed fund balance reflects board commitments for the Desegregation Scholarship Program.
- Assigned Fund Balance consists of amounts constrained for a specific purpose by the Board of Education or by a District official that has been delegated authority to assign amounts and reflects amounts assigned as a budget appropriation to cover the anticipated excess of expenditures over revenues in the 2014-2015 fiscal year and for specified programs. In distinction to restricted and committed balances, the authority for making an assignment is not required to be the District’s highest level of decision-making authority (the Board of Education), and the action to assign fund balance can occur after the end of the year. Furthermore, the nature of the actions necessary to remove or modify an assignment is not as prescriptive as it is with committed fund balances—constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.
- Unassigned Fund Balance consists of the residual spendable fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes.

For the purposes of fund balance classification, the District’s policy is to have expenditures spent from the restricted fund balances first, followed in order by committed fund balance, assigned fund balance and lastly, unassigned fund balance.

(n) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates included in the District’s financial statements relate to the determination of the uncollectible portion of property taxes receivable, the calculation of certain deferred revenues, and the useful lives assigned to capital assets and used to determine depreciation expense related to the District’s capital assets.

(o) Annual Budget

As required by State statutes, the District prepares an annual budget that is filed with the Arkansas Department of Education (ADE). The budget is required to be approved by the District’s Board and submitted to the ADE no later than September 30 of each year. Budget amendments, if any, are not required to be submitted for approval to the ADE. The District’s budget, although legally required, is not an appropriated budget and thus not legally restrictive.

The Little Rock School District of Pulaski County, Arkansas

NOTES TO FINANCIAL STATEMENTS June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(p) Recently Adopted Accounting Standards

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, issued June 2012, will be effective for the District on July 1, 2014. This primary objective of this statement is to improve accounting and financial reporting by state and local governments for pensions, as well as to improve information provided by state and local governmental employers about financial support for pensions that is provided by other entities. As an employer participating in Arkansas Teacher Retirement System (ATRS), which is a cost-sharing multiple employer defined benefit pension plan, the District will be required to recognize in the district-wide financial statements a liability for its proportionate share of the net pension liability of all employers who participate in ATRS. The governmental fund financial statements will report the portion of the net pension liability that is expected to be liquidated with expendable available financial resources. Management of the District has not yet determined the impact that adoption of this statement will have on the District's financial statements, however it is expected that the impact may be material.

NOTE 2: PROPERTY TAXES

Tangible personal property acquired after January 1 and before June 1 is required to be assessed in the year of acquisition. Otherwise, only property owned by a taxpayer on January 1 is assessed on that date for that calendar year. Property taxes are levied each November based on the assessed value of taxable property as of January 1 of that year. The millage rates in effect on the date of the levy are multiplied by the assessed value of taxable property to determine the total amount of tax. The tax records are opened and taxes are billed in March of the year following the levy. Taxes not received by October 15 of the year following the levy are considered delinquent and are subject to penalties.

Although an enforceable lien attaches to the property on the date of assessment, the District does not record a receivable until the levy date, as that is the date when the amount of tax attributable to the District is known. A receivable is recorded in the General Fund equal to the assessment. The millage rates attributable to the District for the levy which occurred during the fiscal year ending June 30, 2014 were 34 mills for general operations and maintenance and 12.4 mills for debt service. The debt service tax levied during any given fiscal year is intended to finance the District's debt service requirements for the fiscal year beginning on July 1 of the year following the levy.

Pursuant to State statute, the District recognizes property taxes as revenue in the statement of activities and in the statement of revenues, expenditures, and changes in fund balances – governmental funds in the period the taxes are levied, but only to the extent that such taxes are collected. Thus, property tax revenue which has been accrued, but not collected by year end, is reported in the statement of net position and the balance sheet – governmental funds as unavailable revenue. Property taxes receivable as of June 30, 2014, net of an allowance for uncollectible accounts, are as follows:

Current	\$ 94,882,004
Delinquent	27,243,798
Allowance for uncollectible accounts	<u>(4,885,032)</u>
	<u><u>\$ 117,240,770</u></u>

The Little Rock School District of Pulaski County, Arkansas

NOTES TO FINANCIAL STATEMENTS June 30, 2014

NOTE 2: PROPERTY TAXES (Continued)

Property taxes received through the debt service millage exceeded the amounts necessary to meet debt service requirement applicable to the fiscal year ended June 30, 2014 and approximately \$26.2 million have been used for general operations of the District as provided for under State statutes. For financial reporting purposes, property tax revenue also includes proceeds from the Property Tax Relief Fund, established under State law to replace property tax revenues lost by school districts due to the passage of Amendment 79. The District accounts for Property Tax Relief Fund monies in the same manner as property taxes.

NOTE 3: CAPITAL ASSETS, NET

Balances of the major components of capital assets as of June 30, 2014, and activity during the year then ended, are summarized as follows:

	<u>June 30, 2013</u>			<u>June 30, 2014</u>
	Balance	Increases	Decreases	Balance
Capital Assets				
Buildings and improvements	\$ 303,862,403	\$ 14,113,063	\$ -	\$ 317,975,466
Furniture and equipment	81,989,349	6,491,095	2,977,014	85,503,430
Land	12,003,133	5,818,942	-	17,822,075
Construction in progress	12,682,317	4,497,074	15,488,004	1,691,387
Total Capital Assets	<u>410,537,202</u>	<u>30,920,174</u>	<u>18,465,018</u>	<u>422,992,358</u>
Less Accumulated Depreciation and Amortization				
Buildings and improvements	131,233,314	12,175,301	-	143,408,615
Furniture and equipment	45,043,210	9,755,105	2,907,249	51,891,066
Total Accumulated Depreciation and Amortization	<u>176,276,524</u>	<u>21,930,406</u>	<u>2,907,249</u>	<u>195,299,681</u>
	<u>\$ 234,260,678</u>	<u>\$ 8,989,768</u>	<u>\$ 15,557,769</u>	<u>\$ 227,692,677</u>

Expenditures for library books and certain other additions to capital assets are reflected in their respective functional expenditure classifications for fund financial statement purposes.

The Little Rock School District of Pulaski County, Arkansas

NOTES TO FINANCIAL STATEMENTS June 30, 2014

NOTE 3: CAPITAL ASSETS, NET (Continued)

Depreciation and amortization expense for the year ended June 30, 2014 was charged to governmental functions as follows:

Instructional services	\$ 16,880,075
Instructional support services	2,880,768
Pupil transportation services	708,082
Operation and maintenance of plant	148,067
General administration	968,706
Food services	3,211
Community services	341,497
	<u>\$ 21,930,406</u>

The District is party to various construction and related contracts, under which approximately \$2.2 million was unexpended at June 30, 2014.

NOTE 4: INTERFUND BALANCES

Interfund balances result primarily from short-term borrowings between funds to facilitate timely payments of expenditures throughout the year when cash balances within each fund are not sufficient to pay such expenditures. All interfund receivable and payable balances are expected to be satisfied within one year. At June 30, 2014, the composition of interfund balances is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Magnet Fund	\$ 1,640,795
General Fund	Food Service	2,000,000
General Fund	Special Programs	1,261,152
		<u>4,901,947</u>
Capital Projects	General	2,527,281
Food Service	Magnet Schools	188,151
Other Governmental	General	396,985
		<u>\$ 8,014,364</u>

The Little Rock School District of Pulaski County, Arkansas

NOTES TO FINANCIAL STATEMENTS June 30, 2014

NOTE 5: LONG-TERM OBLIGATIONS, NET

The District issues bonds and other forms of indebtedness for the purposes of acquiring capital assets; making additions, renovations, improvements, and repairs to existing capital assets; and refunding outstanding indebtedness. The principal types of indebtedness which the District is authorized to incur are school bonds, offered at public sale on competitive bids; revolving loans and certificates of indebtedness, representing loans from the ADE; postdated warrants, which are warrants drawn in one fiscal year for payment in a subsequent fiscal year; and installment contracts and lease-purchase obligations. Bonds and revolving loan indebtedness are payable from debt service tax revenues, while installment contracts, postdated warrants and lease-purchase obligations are payable from maintenance and operation tax revenues.

Long-term liability balances and the related activity for the year ended June 30, 2014, are summarized as follows:

	<u>June 30, 2013</u>			<u>June 30, 2014</u>

NOTES TO FINANCIAL STATEMENTS June 30, 2014

NOTE 5: LONG-TERM OBLIGATIONS, NET (Continued)

(a) School Bonds

On May 9, 2000, the voters in the District approved the issuance of bonds in the principal amount of up to \$190,000,000, the proceeds of which were used for the purpose of refunding outstanding indebtedness, constructing and equipping school facilities, renovations and improvements to existing facilities, and significant repairs to and maintenance of such facilities. These bonds are limited, general obligations of the District, secured by a pledge of a continuing debt service tax of 3.0 debt service mills voted at the 2000 election specifically for payment of these bonds. The \$13,195,000 Series D Construction bonds, dated September 1, 2008, will be repaid in annual installments through February 2033 and bear interest at rates ranging from 3.25% to 4.75%. The Series A, B and C bonds have previously been paid in full.

On July 1, 2009, the District issued \$21,390,000 in construction bonds with interest rates ranging from 2% to 4.5% to be used for constructing and equipping school facilities and roof repairs or replacements. These bonds are limited, general obligations of the District and will be repaid in annual installments through February 2033.

On March 1, 2010, the District issued \$36,565,000 in refunding bonds with interest rates ranging from 2% to 4.375%. The difference between the reacquisition price and the net carrying amount of the refunded bonds of \$322,916 is considered a deferred outflow of resources for District-wide financial statement purposes and is being charged to operations through the year 2033 using the straight-line method.

On November 11, 2010, the District issued \$82,795,000 in refunding bonds with interest rates ranging from 2.5% to 4%. The difference between the reacquisition price and the net carrying amount of the refunded bonds of \$1,983,642 is considered a deferred outflow of resources for District-wide financial statement purposes and is being charged to operations through the year 2033 using the straight-line method.

On December 15, 2011, the District issued \$3,940,000 in refunding bonds with interest rates ranging from 1.0% to 1.90%. The difference between the reacquisition price and the net carrying amount of the refunded bonds of \$368,535 is considered a deferred outflow of resources for District-wide financial statement purposes and is being charged to operations through the year 2020 using the straight-line method.

On January 15, 2012, the District issued \$43,685,000 in refunding bonds with interest rates ranging from 2.0% to 3.75%. The difference between the reacquisition price and the net carrying amount of the refunded bonds of \$2,868,307 is considered a deferred outflow of resources for District-wide financial statement purposes and is being charged to operations through the year 2033 using the straight-line method.

The Little Rock School District of Pulaski County, Arkansas

NOTES TO FINANCIAL STATEMENTS June 30, 2014

NOTE 5: LONG-TERM OBLIGATIONS, NET (Continued)

(b) State of Arkansas Loans

The District obtained 6 loans from the State totaling \$20,000,000, the proceeds of which were used to partially finance the cost of implementing court-ordered desegregation requirements discussed in Note 6. The loans, evidenced by 6 promissory notes, were secured by liens in favor of the State on certain new and existing millages. The loans were to be repaid in 20 equal annual installments, beginning on the 7th anniversary of each loan. The loans were all interest free for the first 7 years, however beginning on the 7th anniversary of each advance, the principal amount began to bear interest at 3%. As further described in Note 6(b), \$15 million under these loan agreements were forgiven by the State in March 2001, with the balance due being repaid as scheduled. During the year ended June 30, 2014, the remaining balance outstanding was forgiven in accordance with a November 2013 settlement agreement, as discussed in Note 6.

(c) Qualified Zone Academy Bonds

QZABs, as created by the Taxpayer Relief Act of 1997, are a unique financing instrument available to public schools meeting certain eligibility requirements as specified in Section 1397E of the Internal Revenue Code. Although, the QZABs have a zero percent stated interest rate, the holder of a QZAB is generally allowed annual federal income tax credits while the debt is outstanding. These credits are intended to compensate the holder for lending money to the issuer and function as interest on the debt.

The District has an outstanding QZAB with an original face amount totaling approximately \$2.2 million to a financial institution to finance a portion of the cost of certain improvements to heating and air conditioning systems. For purposes of presentation in the District-wide financial statement, the face amount of the liability has been discounted and reflected at the estimated net present value of future amounts to be repaid using a discount rate of 3.85%, which is considered the rate commensurate with the level of risk associated with this debt instrument. The resulting discount is amortized and reflected as interest expense over the life of the QZAB. The District has also recorded the excess of proceeds over the discounted principal balance as a deferred gain which will be recognized as income over the lives of the QZAB. For the fund financial statements, the excess of proceeds over the discounted principal balance will be recorded as interest expenditures at the maturity of the QZAB.

The District is required under separate agreements issued concurrently with the QZAB to make mandatory sinking fund payments into a restricted account maintained at the financial institution which holds the QZAB. The District is to receive a guaranteed rate of interest on this account, which, when combined with the cumulative deposit amount, is expected to be sufficient to repay the entire face amount of the QZAB at maturity. The balance in this account is reported as restricted assets in the District's financial statements.

(d) Capital Leases

These obligations are comprised of capital leases entered into by the District to finance the acquisition of school buses. These capital leases, which bear interest at rates ranging from 1.86% to 4.37%, are payable in annual installments through 2020.

NOTE 6: DESEGREGATION AGREEMENTS AND FUNDING ISSUES

(a) General

During 1982, the District brought litigation in the United States District Court for the Eastern District of Arkansas (the Court) to consolidate the three school districts in Pulaski County, Arkansas, as a desegregation remedy. This was an interdistrict school desegregation case involving complex federal litigation in both trial and appellate courts. The parties to this action subsequently agreed upon appropriate desegregation plans for the three school districts, as well as an interdistrict desegregation plan, with the Court retaining jurisdiction in regard to these desegregation plans.

The litigation resulted in an order on September 13, 2002, granting the District partial unitary status and releasing the District from Court supervision over all areas except program assessment and evaluation. On February 23, 2007, the District was declared unitary and released from all further supervision from the Court. The decision was upheld by the Eighth Circuit Court of Appeals on April 2, 2009.

As a result of a 1989 Settlement Agreement, the State of Arkansas annually provides the District approximately \$43 million for magnet schools and Majority-to-Minority (M-to-M) transfers and other desegregation obligations. In response to the efforts of the State of Arkansas to be relieved of these funding obligations, the parties reached another settlement agreement on November 21, 2013, which the Court approved in January 2014. The settlement requires the State to provide the District the current level of desegregation funding for four more four school years beginning July 1, 2014. The parties will phase out the Magnet and M-to-M desegregation programs as they are currently constituted and transition to regular State funding for all students in the District.

The Little Rock School District of Pulaski County, Arkansas

NOTES TO FINANCIAL STATEMENTS June 30, 2014

NOTE 6: DESEGREGATION AGREEMENTS AND FUNDING ISSUES (Continued)

(b) State of Arkansas Desegregation Loans

In relation to the desegregation settlement agreements, the State loaned the District \$20 million of desegregation funds between July 1989 and September 1998, the terms of which are disclosed in Note 5(b). During March 2001, the State and the District entered into an agreement under which the State forgave the first \$15 million of desegregation loans and agreed to forgive the remaining balance if the District obtained unitary status before July 1, 2004. At July 2, 2013, the District had repaid approximately \$2.25 million of the remaining \$5 million balance. The remaining \$2.75 million was forgiven by the State in accordance with the settlement agreement disclosed in Note 6 (a) and is reported as general revenue in the statement of revenue.

(c) Magnet School Funding

As a part of its desegregation programs, the Court approved a plan whereby the District participates in a Magnet School system with a Magnet Review Committee (MRC) having certain monitoring and oversight responsibilities with respect to such schools (the Magnets). Six schools from the District were organized as a separate reporting group under the direction of the MRC, with these schools being jointly funded by the State, the Pulaski County Special School District (PCSSD), the North Little Rock School District (NLRSD) and the District. During the year ended June 30, 2014, the funding level for the Magnets totaled \$9,260 per pupil with the State contributing approximately one-half of the cost and the participating school districts sharing the balance based upon their respective average daily membership numbers.

In accordance with the settlement approved by the Court in January 2014 (see Note 6(a)), no new magnet students will be accepted by the District for the 2014-15 school year and beyond. Students currently enrolled in a Magnet School will be allowed to remain in that school for the remaining grades available there. Transportation for current magnet students is guaranteed for three more years.

(d) Pooling Agreement

The District and the PCSSD also receive M-to-M Incentives (M-to-M Payments) from the State in support of the education of all interdistrict school students. In relation to an agreement (the Pooling Agreement) between the District and PCSSD, the parties agreed to pool these M-to-M Payments in order to equalize the instructional budgets of the interdistrict schools. The District and PCSSD reached an agreement under which the annual liability to be paid by the owing district would be limited to \$400,000. In accordance with the settlement agreement described above in Note 6 (a), the Pooling Agreement terminated at the end of the 2013-14 school year.

NOTE 7: RETIREMENT PLANS

The District contributes to the ATRS and the Arkansas Public Employees Retirement System (APERS). Most District employees are required by law to be covered by ATRS except for certain bus drivers, cafeteria workers, and janitors, who are covered by APERS. Both systems are cost-sharing, multiple employer, defined benefit pension plans. Benefits and contribution provisions for both systems are established by

The Little Rock School District of Pulaski County, Arkansas

NOTES TO FINANCIAL STATEMENTS June 30, 2014

NOTE 7: RETIREMENT PLANS (Continued)

State law and can be amended only by the Arkansas General Assembly. Both ATRS and APERS issue a publicly available financial report that includes financial statements and required supplementary information. The reports may be obtained by contacting the respective systems.

Employees covered by the systems have the option to contribute a portion of their salary. Those that choose to contribute to the ATRS plan must contribute 6% of their salary while those who choose to contribute to the APERS plan must contribute 5% of their salary. The District must contribute 14% of eligible payroll for employees covered by ATRS and 4% of eligible payroll for employees covered by APERS. Contributions by or on behalf of the District to the ATRS for the years ended June 30, 2014, 2013, and 2012 were approximately \$26,752,000, \$25,962,000 and \$25,000,000, respectively, and are equal to the required contributions for each year. Contributions by the District to the APERS for the years ended June 30, 2014, 2013, and 2012 were approximately \$66,000, \$75,000 and \$67,000, respectively, and are equal to the required contributions for each year.

NOTE 8: ON BEHALF PAYMENTS

During the year ending June 30, 2014, health insurance premiums of \$6,466,180 were paid by the ADE to the Arkansas Employee Benefits Division on behalf of District employees.

NOTE 9: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and students; and natural disasters. The District maintains a self-insurance, risk management account within the General Fund to account for and finance its uninsured risks of loss. Under this self-insurance program, the District is responsible for individual losses up to maximum limits, which range from \$5,000 to \$300,000 based on the nature of the loss. The District purchases commercial insurance for claims in excess of amounts paid from the risk management account, and for other risks of loss.

Liabilities for related losses, which are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated, include an amount for claims that have been incurred but not yet reported at year end. The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends, and other economic factors. The estimate of claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of whether they are allocated to specific claims. The gross estimated claims liability at June 30, 2014, totaled approximately \$441,000.

The Little Rock School District of Pulaski County, Arkansas

NOTES TO FINANCIAL STATEMENTS June 30, 2014

NOTE 10: LITIGATION AND CONTINGENCIES

At June 30, 2014, the District is a defendant in various legal actions. Several actions involve claims by former employees asserting discriminatory employment practices. The District intends to vigorously contest those cases that cannot be settled on terms acceptable to the District. Management and legal counsel are of the opinion that the likelihood of a financially material unfavorable outcome is small and, thus, no provision has been made in the financial statements for any potential liabilities.

In addition, the District receives various other federal and state assistance designated for specific purposes that are subject to subsequent review and audit by federal and state agencies. Such audits could result in a request for reimbursement by the federal and state agencies for expenditures disallowed under the terms and conditions of the related grant agreements. In the opinion of the District's management, such disallowances, if any, will not be significant to the District's financial statements.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Tony Wood
Commissioner of Education
Arkansas Department of Education
The Little Rock School District
of Pulaski County, Arkansas
Little Rock, Arkansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major governmental fund and the aggregate remaining fund information of **The Little Rock School District of Pulaski County, Arkansas (the "District")**, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated February 11, 2015.

Internal control over financial reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**audit
consulting
tax**

Tony Wood
Commissioner of Education
Arkansas Department of Education
The Little Rock School District
of Pulaski County, Arkansas
Page Two

Compliance and other matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our test disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Tony Wood
Commissioner of Education
Arkansas Department of Education
The Little Rock School District
of Pulaski County, Arkansas
Little Rock, Arkansas

Report on Compliance for Each Major Federal Program

We have audited the compliance of **The Little Rock School District of Pulaski County, Arkansas (the "District")** with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2014. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audit of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

**audit

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH ARKANSAS STATE REQUIREMENTS

Tony Wood
Commissioner of Education
Arkansas Department of Education
The Little Rock School District
of Pulaski County, Arkansas
Little Rock, Arkansas

We have examined management's assertions that **The Little Rock School District of Pulaski County, Arkansas (the "District")** substantially complied with the requirements of Arkansas Code Annotated 6-1-101 and the applicable laws and regulations including those listed in the accompanying schedule of statutes required to be addressed by the Arkansas Department of Education during the year ended June 30, 2014. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on management's assertions about the District's compliance based on our examination.

Our examination was made in accordance with standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, The Little Rock School District of Pulaski County, Arkansas complied with the aforementioned requirements for the year ended June 30, 2014.

This report is intended solely for the information and use of the School Board, management, and the Arkansas Department of Education and is not intended to be and should not be used by anyone other than these specified parties.
